Hi Jay,

Thanks for sending me a summary of this work.

**Subject:** WaterGen project

Hi Jay,

Cristina is gathering some information on projects we have with Israel. Your work with WaterGen seems relevant. Would you have a short summary of the status of the project (1 paragraph) to share with Cristina.

Thanks,

Sally

Hi Sally,

Thanks so much for taking the time to talk earlier this week and fill me in on the work you've done with the Israelis and your perspective on how EPA might assist them on water technology issues. It sounds like there's already a lot going on between Israeli stakeholders and US cities and states.

Once the EPA delegation is back from Israel we'll hear about whether this is an area in which we would want to pursue more collaboration.

If you have anything in writing about your past work with Israel that would be helpful but please don't take time to develop anything new.

All the best.

Cristina

Hi Cristina,

Here is one of several emails I will send you regarding Israel and water innovation.

Thanks for reaching out,

Sally
